ORG. OAS
(Organization of
American States)

Of O.A.S., U.S. and C.I.A.

To the Editor:

As I recall, the basic reason for the expulsion of Cuba from the Organization of American States was that she interfered in the internal affairs of American states. Seems to me that President Ford's admission of our interference in the internal affairs of other nations and the explicit evidence we were involved in Guatemala, Chile and Cuba imply that we should be expelled from the O.A.S.
